Message of The Founder

We must train our students to think boldly, to think loudly, to think practically, to think contextually, to think productively, to think critically, to think reflectively, to think natively, to think futuristically, to think analytically, to think naturally, to think spontaneously, to think collaboratively, to think professionally and to think technologically.

**PROF. DR. HASAN
SOHAIB MURAD** (SHAHEED)

Founder -ILM Trust

”

Our Legacy

The projects launched by the visionary leadership of ILM Trust since 1990 are envisioned to inculcate a culture of service, innovation and leadership. The core passion and prime objective of all ILM Trust projects were to serve the society with excellence on all benchmarks of quality education that inspire to lead. The highest form of worship is to provide leadership to the world. The future leadership will be in the hands of those who will introduce to the world a system based upon societal happiness, justice, a reduced occurrence of crisis and an endorsement of assets and whatever society has earned periodically. It defines our existence, inspires all stakeholders associated with us, creates a powerful momentum inside, and responds to the challenges outside. It continues to evolve as present captures new realities and foresight unfolds new possibilities.

All in an incessant attempt to help individuals and organisations discover their God-given potentials to achieve "Ultimate Success" actualising the highest standards of efficiency, effectiveness, excellence, equity, trusteeship and sustainable development of global human society. We aspire to become a learning institution and evolve as the leading community for the purpose of integrated development of the society by actualising strategic partnership with stakeholders, harnessing leadership, generating useful knowledge, fostering enduring values, and projecting sustainable technologies and practices. Knowledge is in many things and can have many different garbs and many different directions and dimensions. But the knowledge that is gained by seeking the truth and knowledge that comes out of the pursuit of truth, unbiased, unprejudiced, based upon crystalline reasoning and logical understanding and rational thinking is the one that we care for and value. Knowledge consists of truth and nothing but truth.

Message of The Board of Trustees

SKL is not just like any other school. It's a totally new concept. People today, when they think of education, they think of jobs, they think of salaries and they think of where a person can be employed in the case of the school, where the next stop would be for higher education. We believe that school is the nursery of nation. So, we would like to connect schools to the home. We would like to connect schools to the families. We would like to connect the schools to the life of our pupils. We would like to connect schools to whatever is going on in the neighbourhood from where our people go after the school and they play in the park. They go to their relatives, they visit parks, and they meet people.

We would like to connect school to the life as such. It's not just about curriculum filled up with textbooks, with formulas, with theories, with histories, with information about what has gone in the past and what is said by others. So these things, these theories are uncontestable. They are already there. What we would like to do is go take a step forward and do something which is rarely done by any of them and that is the uniqueness of the SKL. SKL brings knowledge to home, knowledge to the self and knowledge to the success of a citizen in the life. So we are about success at happiness in the life of families from where our people are coming. We are about success and happiness of the parents who are sending and entrusting us with their children.

IBRAHIM HASAN MURAD

Board of Trustees, ILM Trust

Message of The Director

I am pleased to introduce our latest educational venture, International School of Knowledge and Leadership (SKL), a project of Institute of Leadership and Management (ILM) Trust. SKL is not just a school, but an incubator of great ideas and a place for innovation and collaboration. SKL is a place to work together, to think and do, where we deliver results instead of promises.

For over two decades, ILM Trust has built an incredible academic legacy by supporting young people from their first day of school all the way through to advanced postgraduate studies, encouraging them to become active citizens, striving to live a life of creativity, curiosity, and contemplation.

So, open up possibilities that can transform your child's life and develop thinkers and leaders in them by choosing SKL as your child's schooling experience.

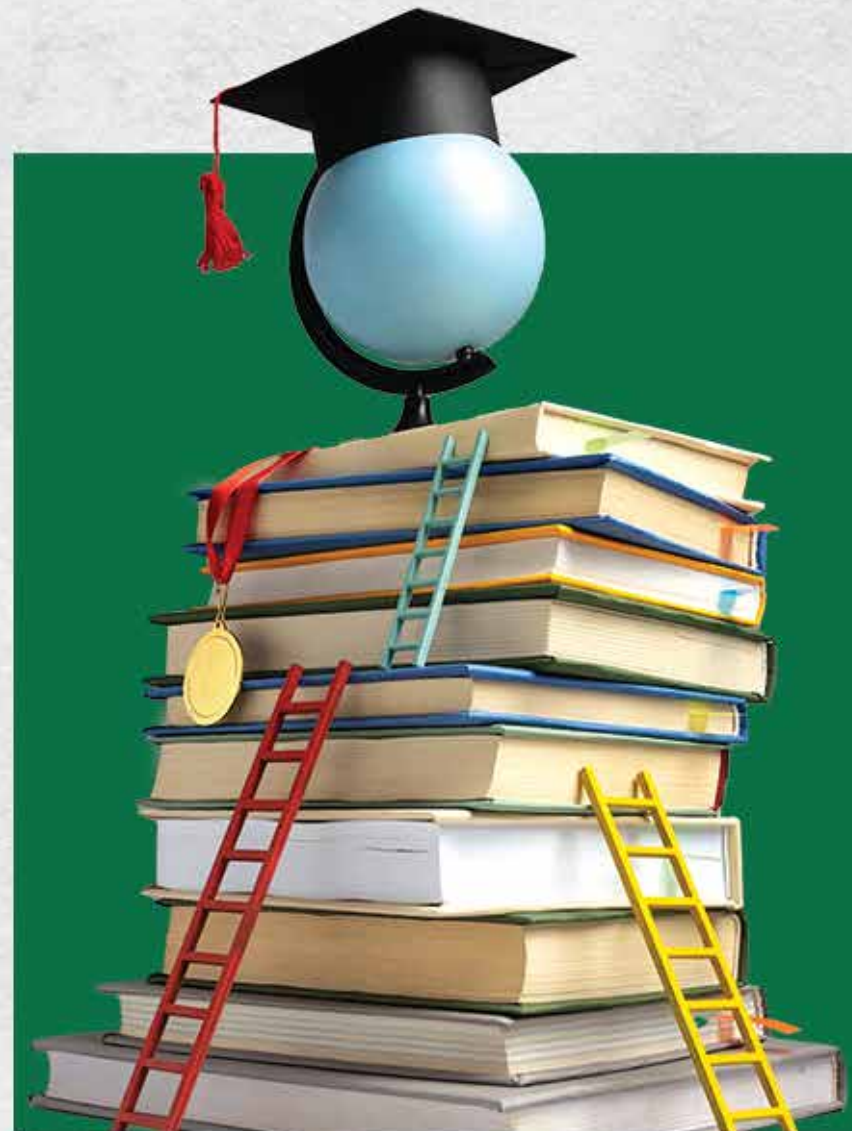

MS. MARIAM MURAD

Director - SKL

About SKL

At International School of Knowledge and Leadership (SKL), we take charge of your child's educational needs by enabling access to learning through:

- Differentiated, in-depth and cohesive academic program aligned to year level standards and achievement benchmarks informed by Single National Curriculum in Pakistan.
- Qualified teachers focused on improving student outcomes, through their commitment to ongoing professional development, constructive instructional time, evidence-based practices, coaching and mentoring, and collaboration.
- Flexible indoor and outdoor learning environment adaptive to students' perquisites.
- Opportunities for parents and students to participate in community building activities.

Vision

Our vision at SKL is to empower students to acquire, demonstrate, articulate and value knowledge and skills that will support them as life-long learners, to contribute positively for a better tomorrow and Pakistan.

Mission

SKL recognises that each student is an individual; that all children are creative and need to succeed. Therefore, SKL fosters a safe, healthy and creative learning environment, emphasising on the social, emotional, physical, and intellectual development of each child.

Values That Inspire

Our values represent who we are. They celebrate the beliefs and perspectives that unite us as a school. They are a set of principles that guide SKL and the people who choose to work and study here.

Collaboration

Developing lifelong skills of working with others.

Curiosity

Pushing boundaries in our quest to acquire and develop new knowledge.

Creativity

To be inventive and re-imagine differently.

Generosity

Caring for others in a safe and sustainable environment.

Respect

Valuing our differences.

Excellence

Challenging ourselves to the best of our ability.

Next Steps

We understand that selecting a school for your child is a big decision. Our admission team is extremely knowledgeable about our school and is here to help with any questions that you may have.

Visit Our Open House

Discover what it is like to be an SKL student by spending the morning with us at one of our monthly open houses. Meet our Principal, our students, and take a tour of our school to see classes in action.

Take a Personal Tour

Personal tours are conducted from Monday to Friday. So, get in touch to book your appointment with our friendly admission team.

Chat With Us Online

We understand that you might want to ask some questions in real-time. Our Public Relations team is available to answer your queries via phone call or WhatsApp.

Application Process

We are excited that you are considering SKL as a school for your child and we want to support you throughout the admission process. We look forward to welcoming you to the SKL family.

01 **Step**
Submit your application along with the registration fee.

02 **Step**
Submit the required supporting documents. The authenticity of all original documents will be verified.

03 **Step**
Once you are offered a place at SKL, the forms must be signed by authorized person.

04 **Step**
Pay the admission fee by the date indicated on the invoice to confirm your child's place at SKL.

05 **Step**
Submit all required documents before your child starts school.

Before You Start School

Uniforms

Our school uniform and hoodies can be purchased from our Head Office. Alternatively, requests for purchase can be shared with the admission team at your respective campus.

Academic Curriculum

Instructional classes are aligned with our personalised SKL curriculum books. Parents should purchase yearly course and supplementary teaching material from campus.
